Boehm Re-elected as BPSA Board Chair

Bio-Process Systems Alliance a Leader in Single-Use Industry

St. Paul, Minn. – December 16, 2016 – [CPC \(Colder Products Company\)](#), the leading provider of quick disconnect couplings, fittings and bioprocessing connectors, is pleased to announce the re-election of John Boehm as chairman of the Bio-Process Systems Alliance board of directors. Boehm, CPC Bioprocessing business unit manager, begins his second consecutive two-year term as board chair in January.

BPSA is the trade organization dedicated to the single-use bioprocessing industry. Members represent all aspects of the single-use supply chain from component manufacturers to vaccine developers and life sciences and biopharmaceuticals companies. BPSA is active in creating industry guidelines and serves as a centralized source of information for the rapidly growing bioprocessing category.

“Our membership has never been stronger and better positioned to assist the industry in increasing efficiencies and bringing new biologic drugs and vaccines to market,” said Boehm.

“The members of BPSA are leaders in the single-use industry. Together, we will continue to expand and share our expertise in the U.S., Europe and other countries throughout the world.”
