CPC hires McKinnon as Regional Sales Manager

St. Paul, Minn. – Dec. 12, 2016 – CPC (Colder Products Company), the leading provider of quick disconnect couplings, fittings and connectors for life sciences, specialty industrial and chemical handling markets, has hired Don McKinnon as its new Regional Sales Manager. McKinnon will be focused on growing sales, supporting our customers and managing CPC's business in the Great Lakes region of North America.

McKinnon comes to CPC with a background in technical sales and customer-facing roles. He holds both a Bachelor and Master of Science in Industrial and Operations Engineering from the University of Michigan in Ann Arbor, MI. Don is also Six Sigma Black Belt trained. McKinnon will be based in Northville, MI.

CPC designs and manufactures more than 10,000 custom and standard products to meet the fluid handling challenges of various industries worldwide. Innovative couplings, fittings and bioprocessing connectors from CPC allow flexible tubing to be quickly and safely connected and disconnected in a broad range of applications while improving the overall functionality and design of the equipment and processes in which they are used. CPC makes people's lives better by developing innovative high quality products that make fluid handling safe and easy.
